# Remodeling with R.J. Papalini RPR Counters

After remodeling with R.J. Papalini

Beacon Cleaners  
Los Angeles, CA

Before remodeling with R.J. Papalini

*The products you will find in this catalog combine superior workmanship, contemporary design and creative adaptability.*

*When you choose R.J. Papalini, you always have a choice of color, style, size and prices that say, "compare".*

*All products are specifically tailored to the requirements of our customers to fulfill all decorative and functional needs.*

Papalini

*Bold, modern and very distinctive describes our new RPE - style counter.*

RPE

*The RPW or "Waterfall" counter is a style that we introduced many years ago. However, it never seems to lose its appeal and remains a very popular choice.*

RPW

*Simplicity of style and an affordable price make the RPC counter a favorite choice. Brass, silver or oak tambour may be added to the corners.*

**RPC**

**RPL**

*The RPL style counter has 3 tiers to add fashionable color and smart design to any storefront.*

*As pictured, the outside counters can be customized for an additional price.*

*The ever popular & most versatile RPR counter will never be out of style.*

**RPR**

*Variation of the RPR Counter with beveled corners.*

**RPJ**

*Pictured on these two pages are RPJ and its offshoots — RPJ/B, RPJ/V, RPJ/O. They all make use of chrome or brass tubing for their unique design.*

**RPJ/V**

Papalini

*The tubing may be powder coated in a color upon request.*

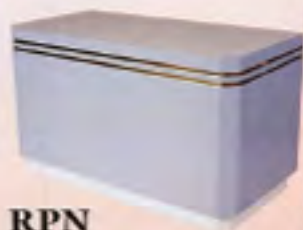

**RPJ/B**

**RPJ/O**

*Decorative grooves and beveled corners lend grace & style to the RPN counter. The grooves may be silver, gold or a laminate color.*

**RPN**

**RPF**

*The RPF counter with square corners is the most economical choice for budget-minded customers. Rounded corners or tambour may be included for an additional price.*

*The RPF/W style counter is laminated with oak veneer and has wood plant-ons. The wood can be stained light, dark or clear coated.*

**RPF/W**

# Papalini

*The ultimate in state-of-the-art storefront design – the RPH call counter has two tiers and toe kick, beautifully contoured in a semi-circular shape.*

**RPH**

*The indentation on the RPI counter can be toward the top or the middle, and in your choice of silver, gold or laminate color.*

**RPI**

*Add a deco block pattern to the RPC or RPN counter for the art-deco look of the 20's & 30's. Neon lights in various color choices may be used behind the counter for that extra special effect.*

**RPC/Deco**

**RPN/Deco**

**RPN/Diamond Plate**

*Add a "diamond" panel to the RPN or RPC style counter for a sleek & provocative look. The panel is 1/8" polished aluminum with a raised pattern.*

## RACKS

Choose from a variety of attractive designs. Visual simplicity allows Papalini racks to be compatible with diverse settings.

All racks are available in your choice of chrome or brass.

All racks have a standard inside measurement of 27", except BC-R (25 3/4"). However, every model except the SR-1, BC-1A, BC-R and SR-2 can be adjusted to your width specifications. Please indicate when ordering.

Height of SR-1, BC-1, BCS-1, BC-3, BC-4 and BCS-4 to below the hanging bar is 31 1/2". The BC-2 is 34 1/2". The BC-1A is 30 1/2". The BC-R is 29".

Clear baked-on protective coating applied to brass.

Simple to install. Instructions furnished when shipped.

To lend a color accent to counters and storefronts, all versions of the clothes hanging racks can be ordered painted with an armstrong powder coating as illustrated. Several colors are available.

Elbows and flanges will be either polished chrome or brass.

We reserve the right to change or alter any specification and/or design of our product at any time without prior notice.
